

Establishing Healthy Eating
Habits To Last A Lifetime

IMPACTING CHILDREN & COMMUNITIES

As a nonprofit, the **Association for Child Development (ACD)** has been operating for more than 45 years in Illinois and Michigan. With a mission to promote healthy child development, a large part of our work involves serving as a sponsor of the Child and Adult Care Food Program (CACFP) – a program ensuring children have access to nutritious meals. **Each day, we impact children and communities through the dedication of our providers, staff and partners.**

ACD is one of the largest CACFP sponsors in the nation. In fiscal year 2022, by monitoring more than 2,600 childcare homes and centers in Illinois and Michigan communities, ACD ensured 46,630 children received nutritious meals and snacks each day. Supporting children and our providers lies at the heart of our work: www.acdkids.org

Data: FY 2022 (10/1/21-9/30/22)

ACD is an equal opportunity provider.
